

# ABOUT ME

## Zaidi Ahmad

I am Zaidi bin Ahmad, a Senior Assistant Architect with over 16 years of professional experience in architecture and smart city systems. I specialize in managing data and implementing solutions to support smart cities and digital twin city developments.

With a solid foundation in architectural technology and expertise in Python, PHP, Java, MySQL, and Microsoft Excel, I am passionate about leveraging technology to enhance urban planning and infrastructure.

## Educational & Professional Development

I hold a Diploma in Architectural Technology from Universiti Teknologi Malaysia (UTM) and I am currently pursuing a Bachelor of Computer Science (Software Engineering) at Universiti Teknologi Malaysia (UTM) as a part-time student. This further enhances my technical skills and aligns with my vision of integrating architecture with advanced digital solutions.
